gold paint pen for edging

Gold embossing powder

adhesive of choice

Optional: rhinestone or brad for center of star

Spellbinders Rectangle Nestability

Spellbinders Double-Ended Tags die

corner rounders

## CUTTING & TASK LIST

25- 5 1/2 X 8 1/2 from Vintage Cream (scored @ 4-1/4")

25- 4-1/8" x 5-3/8" from Gold Shimmer cardstock

25- 16" pieces of sheer gold metallic ribbon

1. Round corners, if desired, of card base.
2. Round outside right corners of gold card front.
3. Stamp flourish on gold card front with gold ink, then heat-emboss with gold embossing powder.
3. Emboss star and sentiment on ivory cardstock and die cut both. (If you don't have dies, you can simply cut the star in a rectangle and use a punch to make a tag shape.)
4. Edge gold cardstock, star, and tag with a gold paint pen.
5. Thread wide gold organza ribbon through the tag holes and tie a knot on the right side of the card front. Attach brad or rhinestone to the center of the star, then mount star to top of card. (I used foam tape for added dimension).
6. Stamp inside sentiment. Mount card front onto card base.
