*H*ere is a special scrapbook to preserve memories of your new little one's first year.

Leave the current month's calendar on the clipboard in a convenient place so it is easy to jot down important milestones and events.

Once the month has passed, you can slide the calendar page into the scrapbook. Then on the opposing blank page you can create a collage of photos involving the moments mentioned during the month. When the year is complete, you will have documented all those special firsts!

MAY YOU ENJOY ALL THE BLESSINGS A BABY BRINGS!
