25 - punched snowflakes from Aqua Mist cardstock  
25 - ½" circles punched from white cardstock  
25 - 12" pieces blue Scrapper's Floss  
25 - 4 ¼" x 5 ½" card bases embossed with Snow Dots

## TASK LIST

1. Stamp snowman, head, hat and mitten arm images from Made of Snow onto white cardstock block using Noir Black ink. Color as shown with colored pencils and blend using mineral spirits.
2. Using 1" circle punch, punch a half-circle from lower right edge of stamped snowman block.
3. On a solid sheet of white cardstock, stamp 100 small trees from the Made of Snow set using Noir Black ink. Color with colored pencils as shown and blend with mineral spirits. Cut out, leaving off stump of tree. Fold widest end of tree over backwards approximately ¼". Trim excess from edges.
4. Tie one end of 12" length of Scrapper's Floss into bow. Slip folded end of tree over length of floss, securing fold with a square of dimensional foam. Repeat for a total of four trees per length of floss to create the snowman's banner. Tie other end of floss into bow. Peel off backing from foam and adhere to stamped snowman, aligning tree points to form a nicely curved banner. Use a small dot of adhesive to secure bows onto snowman's mittens.
5. Using Pure Poppy ink, stamp "Celebrate the Season" sentiment from the 2008 Tags Collection onto Spring Moss strip.
6. Distress top and left edges of Pure Poppy cardstock block and adhere to upper left corner of card as shown.
7. Adhere snowman block over Pure Poppy block.
8. Slip stamped Spring Moss strip under snowman block, aligning with punched circle as shown.
9. Adhere strip of Pure Poppy ribbon just below snowman block. Secure ends to back.
10. Adhere ½" punched white circle to center of punched snowflake. Use a brad to attach to card as shown.
