## DIRECTIONS

1. Fold card base in half. Stamp sentiment along bottom edge of Vintage Cream cardstock block.
2. Punch or cut top edge of Vintage Cream cardstock using a scalloped border punch or decorative scissors. Stamp medium snowflake image near upper left corner using Spring Moss ink and distress with ink.
3. Repeat step 2 on Holiday Cheer paper strip measuring 4  $\frac{3}{4}$ " x 1". Make sure to cut or punch the edge exactly the same way as the Vintage Cream cardstock edge so that when layered the decorative edges line up.
4. Adhere layers together with the Holiday Cheer scallop showing above top edge of Vintage Cream cardstock just a bit and adhere to bottom of card. Round bottom corners and distress with ink.
5. Adhere the 2nd Holiday Cheer paper strip along top edge of card.
6. Wrap ribbon around card just below Holiday Cheer strip or adhere in place along seam. Tie a bow slightly to the right of center and embellish center with a button tied with twine.
7. Add gems to embellish sentiment.
