

## *Scratch & Sniff Embossing Powders*

---

### PICK ANY ONE "SCENT"

any powder that does not contain sugar will work:

- kool-aid
- pudding mix
- spices
- coffee or tea grounds
- jell-o
- baking ingredients

you will also need:

clear embossing powder  
container with lid for storage  
VersaMark ink or embossing pad  
heat gun

### INSTRUCTIONS:

1. Measure out 1 teaspoon of your selected "scent".
2. Mix it with 2 teaspoons of clear embossing powder.
3. Stamp a solid image as you normally would, then stamp over the first impression a second time with VersaMark ink.
4. Heat emboss the second impression after sprinkling on the scented powder and shaking off the excess.
